| Dennis D. Hedge | 4/28/2023 |
| Institutional Approval Signature | Date |

1. Is this a request to offer an existing common course or an existing unique course (approval will change course status from unique to common)?
   - Common Course
   - Unique Course
2. Provide the complete description as it appears in the system database including pre-requisites and co-requisites.

| Prefix & No. | Course Title | Credits |
|---|---|---|
| BADM 459 | Analytics | 3 |

| Course Description |
|---|
| This course covers essential decision models and strategic metrics that form the cornerstone of analytics with a primary focus on business applications. The course emphasizes case studies and hands-on learning so students can immediately apply the tools and techniques in their organizations. A variety of relevant topics are discussed, such as sizing, forecasting, budget allocation, profit maximization, and communicating to senior executives through data-driven presentations. |

Pre-requisites or Co-requisites

| Prefix & No. | Course Title | Pre-req | |
